Subject Index: Volume 24, 1999

Abdominal pain, continuous inferior mesenteric ganglion block for, 358
Abducens nerve palsy, epidural blood patch failure and, 470
Activated clotting time, bupivacaine effects on, 326
Acute pain services
  achievements/challenges of, 68
  clinical observations from, 499
Aδ-fibers, after intravenous regional block, 236
Aging. *See* Elderly
Agitation, after ropivacaine peripheral nerve block, 175
Alfentanil, *vs.* remifentanil for ophthalmologic nerve block, 331
Allergic reactions, in intravenous regional anesthesia of arm, 131
Amantadine, intravenous, for sciatica, 534
Anesthetic technique
  combined spinal and epidural anesthesia, 267
  double-injection, 509
  local anesthetic injection into fallopian tube, 375 (letter)
  over-the-needle *vs.* microcatheter-through-the-needle, 417
  percutaneous epidural neuroplasty, 202
  performance, confidence in, 1
  postdural puncture headache and, 377 (letter)
  spinal anesthesia for elderly, 126
  superior hypogastric plexus block, 473
Anterior cruciate ligament reconstruction, intraarticular morphine and bupivacaine for, 220
Anticoagulation, ASRA consensus statements, 477 (letter)
Antinociception, neostigmine enhancement of, 405
Anxiety
  after ropivacaine peripheral nerve block, 175
  preoperative, patient education and, 158
Arm position
  axillary brachial plexus block quality and, 36
  central spread of local anesthetics and, 36
Arthroscopy
  intraarticular ketorolac and/or morphine for, 225
  intraarticular local anesthesia for, 220, 430
  postoperative analgesia, 584 (letter)
Articaine
  pharmacokinetics, age-related, 524
  vs. prilocaine, for intravenous regional anesthesia, 131
Autonomic nerve block, superior hypogastric technique, 473
Axillary artery, as axillary brachial plexus landmark, 584 (letter)
Axillary brachial plexus block
  axillary artery as landmark for, 584 (letter)
  hematoma and nerve injury after, 264
  neostigmine enhancement of, 405
  quality, arm position and, 36
  ropivacaine *vs.* bupivacaine, 514
  single injection *vs.* double-injection method, 509
Axillary node dissection, peripheral morphine analgesia for, 142

Back pain
  originating from vertebral osteophytes, 347
  PENCAN 25-gauge spinal needle, 43
  percutaneous epidural neuroplasty for, 195, 202
  viscosupplementation for, 84
Bacterial toxins, *in vitro* meningeal permeability and, 24
Blood pressure, after intravenous test dose in elderly, 393

Brachial plexus block
  axillary. *See* Axillary brachial plexus block
  infraclavicular, variations in, 411
  interscalene, phrenic nerve block caused by, 231
  supraclavicular, during fluoroscopic imaging, 481 (letter)
Breast surgery, peripheral morphine analgesia for, 142
Bronchial asthma, wheezing disappearance after epidural lidocaine, 463
Bupivacaine
  brachial plexus block
    infraclavicular, 411
    vs. ropivacaine, 514
  epidural, efficacy of, 445

inhibition of whole blood coagulation, 326
intraarticular, for arthroscopic ACL reconstruction, 220
intrathecal
for continuous spinal block, 110
efficacy of, 445
morphine adjuvant for, 94(letter)
for progressive systemic sclerosis, 89
for vertebral compression fractures, 352
minimal blocking concentrations, 319
preperitoneal, lack of pain relief after hysterectomy and, 576
spinal
for elective lower limb surgery, 519
hetastarch and lactated Ringer's effects on, 399
hyperbaric, hypotension during, 214
subarachnoid, bevel comparison for, 547
wound infiltration, for postoperative inguinal hernia repair, 569
Buprenorphine, intrathecal
for progressive systemic sclerosis, 89
for vertebral compression fractures, 352

Caffeine sodium benzoate
for caffeine withdrawal headache, 583 (letter)
intravenous, for postdural puncture headache, 51
prophylactic, for postdural puncture headache, 583 (letter)
Caffeine withdrawal headache, prophylactic caffeine sodium benzoate for, 583 (letter)
Cancer pain
continuous inferior mesenteric ganglion block for, 358
neuraxial techniques for, 74
Capsaicin, translational vignette, 361
Cataract surgery, peribulbar block
with clonidine, 426
with ropivacaine, 337
Catheters
epidural. *See* Epidural catheter
spinal, spinal cord apparent diffusion coefficient and, 311
subarachnoid, microcatheter *vs.* Spinocath, 110
Caudal analgesia, tissue coring during, 553
CD69, stellate ganglion block and, 30
Cerebrospinal fluid, postsurgical cytokine levels, 557
Cervical spinous process, seventh, as epidural catheter insertion landmark, 585 (letter)
C-fibers, after intravenous regional block, 236
Children. *See* Pediatric analgesia
2-Chloroprocaine metabolite, HPLC of, 242
Chronic pain, continuous inferior mesenteric ganglion block for, 358
Clinical trials
evidence-based medicine and, 381
intraarticular local anesthesia for arthroscopy, 430
lumbar epidural steroid injections, 5
Clonidine
intramuscular *vs.* surgical site for hernia repair, 422
peribulbar block, for cataract surgery, 426
Coagulation, bupivacaine inhibition of, 326
Cocaine, local spread, postoperative anisocoria and, 467
Colon cancer, continuous inferior mesenteric ganglion block for, 358
Combined spinal and epidural anesthesia
safety/efficacy of, 117
with two epidural catheters, for spinal tumor removal, 267
Computed tomography, elimination of paraplegia and/or death from neurolytic celiac plexus block, 483 (letter)
Computers
handheld, 458
Internet usage and, 369
Confidence, in performing regional anesthesia techniques, 1, 11
Continuous infusion
epidural
lidocaine, plasma levels in, 529
morphine, for children, 438
inferior mesenteric ganglion block, 358
spinal anesthesia. *See* Spinal anesthesia, continuous
Cranial nerve disease, epidural blood patch failure and, 470

Delivery system, exteriorized *vs.* implantable, 74
Dental anesthesia, age-related effects on, 524
Diaphragmatic paresis, during intrascalene brachial plexus block, 231
Diethylaminoethanol, high-performance liquid chromatography of, 242
Diffusion-weighted magnetic resonance microscopy, of spinal cord ischemia, 311

Diplopia, epidural blood patch failure and, 470

Education. *See* Training
Elderly
articaine pharmacokinetics in, 524
general anesthesia
efficacy of simulated intravenous test dose in, 393
heart rate variability in, 386
postoperative pain and, 499
spinal anesthesia
heart rate variability in, 386
performance for, 126
EMLA cream, analgesic efficacy, 165
Endometriosis, superior hypogastric plexus block for, 473
Endoscopy, postoperative anisocoria, 467
Epidermoid tumors
after lumbar puncture, 494
caudal analgesia for, tissue coring and, 553
Epidural abscess, epidural analgesia, meningeal permeability and, 24
Epidural analgesia
in bacterial infection, meningeal permeability and, 24

for cancer pain, 74
efficacy, with new local anesthetics, 445
methylprednisolone, for intractable postherpetic neuralgia, 287
problems from, 499
with sequential spinal analgesia for labor and delivery, 488 (letter)
Epidural anesthesia
bupivacaine, postoperative thrombotic events and, 326
vs. combined spinal and epidural, 117
failure, abducens nerve palsy development and, 470
lidocaine
continuous, plasma levels in, 529
disappearance of wheezing in bronchial asthma, 463
safety of, 273 (letter)
with spinal anesthesia. *See* Combined spinal and epidural anesthesia
spinal canal soft tissue anatomy and, 303
spread, local anesthetic injected volume and, 153
test dose, hemodynamic changes in elderly and, 393
thoracic, 273 (letter)
Epidural catheter
entrapment in postpartum patient, 481 (letter)
placement
landmarks for, 585 (letter)
by nerve stimulation, 17
Epidural space
infection, meningeal permeability and, 24
lumbar steroid injections, clinical trials, 5
soft tissue anatomy of, 303
Epinephrine
in hemostasis, ASRA consensus statements on, 477 (letter)
with lidocaine
for epidural anesthesia, 541
plasma lidocaine levels and, 529
test dose, hemodynamic changes in elderly and, 393
Evidence-based medicine, clinical trials and, 381

Failure rate, PENCAN 25-gauge spinal needle, 43
Fallopian tube, local anesthetic injection into, 375 (letter)
Fentanyl
adjunctive, for spinal anesthesia, 255
intrathecal, fetal bradycardia and, 95(letter)
Fetal bradycardia, intrathecal fentanyl and, 95(letter)
Fluoroscopic imaging, supraclavicular brachial plexus block during, 481 (letter)
Food and Drug Administration (FDA), MedWatch reporting system, 8

Gabapentin, for herpetic/postherpetic neuralgias, 170
Ganglion block
continuous inferior mesenteric, for abdominal pain control, 358
stellate
CD69 and, 30
skin temperature for hand sympathectomy prediction, 273 (letter)
Gaston Labat Award, 497
Gender, postoperative pain and, 499
General anesthesia
for elderly
efficacy of simulated intravenous test dose in, 393
heart rate variability and, 386
postsurgical cerebrospinal fluid cytokine levels, 557
Geriatrics. *See* Elderly

Heart rate
after intravenous test dose in elderly, 393
variability in elderly, after spinal or general anesthesia, 386
Hematoma, as axillary brachial plexus block complication, 264
Hemodynamics
after intravenous test dose in elderly, 393
of hetastarch and lactated Ringer's solution in spinal anesthesia, 399
Heparin, low-molecular weight
after subarachnoid block, 375 (letter)
spinal hematomas and, 8
Hernia repair
intramuscular *vs.* surgical site clonidine for, 422
outpatient, paravertebral somatic nerve block for, 96(letter)
wound infiltration analgesia for, 136, 569
Herpes zoster neuralgias, gabapentin for, 170
High-performance liquid chromatography, of diethylaminoethanol, 242
Hip arthroplasty, preoperative anxiety, patient education for, 158
Hip fracture, continuous psoas compartment block *vs.* perioperative analgesia for, 563
Histopathology, after subarachnoid ketamine, 146
Historical perspectives
continuous spinal anesthesia, 453
Sise, Lincoln Fleetwood, 364
Waters, Ralph, 250
Hyalin injections, for sacroiliac joint syndrome, 84
Hyaluronidase, for percutaneous epidural neuroplasty, 202
Hypotension
asymmetric spinal block and, 214
from epidural anesthesia, 499
unilateral spinal anesthesia and, 214
Hysterectomy, preperitoneal bupivacaine failure in, 576

Immune system, stellate ganglion block and, 30
Infection pain, tramadol for, 246
Informatics
Internet usage, 369
palmtop computers, 458
publishing medical information, 493
Infraclavicular brachial plexus block, variations in, 411
Inguinal herniorrhaphy. *See* Hernia repair

Injectate volume
cervical block spread and, 231
epidural anesthesia spread and, 153
Interleukins
intrathecal methylprednisolone and, 287
postsurgical cerebrospinal fluid levels, 557
Internet, 369
Interscalene brachial plexus block, phrenic nerve block caused by, 231
Intraarticular local anesthesia, for arthroscopy, 225, 430
Intraocular pressure, peribulbar block with clonidine and, 426
Intrathecal analgesia
for cancer pain, 74
for continuous spinal block, 110
effect on rat spinal cord, 311
efficacy of, 445
with fentanyl, fetal bradycardia and, 95(letter)
lipophilic adjunctive opioids for, 255
morphine adjuvant for, 94 (letter)
for neuropathic pain behavior, 208
with new local anesthetics, efficacy of, 445
for postherpetic neuralgia, 283, 287
for progressive systemic sclerosis, 89
for vertebral compression fractures, 352
Intravenous regional anesthesia
articaine *vs.* prilocaine for, 131
vs. continuous epidural, 438
quantitative sensory testing in, 236

Ketamine
preemptive intrathecal, for neuropathic pain behavior, 208
subarachnoid, histopathology after, 146
Ketorolac, intraarticular, 225
Knee arthroplasty
continuous spinal anesthesia, catheter comparison for, 110
postoperative analgesia, 97(letter)
preoperative anxiety, patient education for, 158
Knee arthroscopy. *See* Arthroscopy

Labor analgesia
combined spinal and epidural, safety/efficacy of, 117
epidural catheter entrapment in, 481 (letter)
epidural catheter placement, nerve stimulation for, 17
with paravertebral lumbar sympathetic block, 179
spinal anesthesia, transient radicular irritation after, 55
Laureate of history of anesthesia, 272
Levobupivacaine, epidural and intrathecal, efficacy of, 445
Lidocaine
with clonidine, for peribulbar block, 426
endoneurial and clinical response, 294
epidural
adjunctive epinephrine for, 541
disappearance of wheezing in bronchial asthma, 463
plasma levels during, 529
infraclavicular brachial plexus block, 411
for injection pain, *vs.* tramadol, 246
intrathecal hyperbaric, effect on rat spinal cord, 311
intravenous, for sciatica, 534
preoperative infiltration, for reduction mammoplasty, 581 (letter)
spinal, transient radicular irritation after, 55
Local anesthetics. *See specific local anesthetics*
in hemostasis, ASRA consensus statements on, 477 (letter)
infiltration, for postoperative pain, 136
injected volume
cervical block spread and, 231
spread of epidural anesthesia and, 153
injection into fallopian tube, 375 (letter)
